State of California
Dept of State

Sac oct 16th 1848.

To the Hon Presidt and Members of the Constitutional Convention.

Gentlemen; I have the honor to acknowledge the receipt of a Copy of Resolution No- adopted by your body to-day, requesting me to furnish a statement of the amount of Stationery furnished to members thereof up to date. In reply to the same I would say that just at this time, when the full force of my office is required to perform the usual routine of business and such extra labor as has been created by the Convention, it has been impossible to keep the many requisitions for Stationery, etc., properly entered up to each members account, so that the Amount delivered to each or in aggregate, could be ascertained on short notice.

The law of the Legislature under which Stationery is disbursed, makes the manner of keeping Stationery accounts very complex and tedious, as every item - even as to the different qualities or kinds of pens and

pencils &c - must be carried out in full and charged at exactly cost-price, rendering a constant reference to bills of purchase, and shifting averages when the same vary with the times, and I would respectfully say to your honorable body that it will be impossible for me to comply with the request contained in said resolution as such special labor must be secondary to the regular business of the office, At the earliest opportunity, however, Consistent with official duties, I shall be pleased to afford the information desired

I have the honor to be
Your obedient Servt
Thomas Beck
Sec of State

Mr President.

Your Committe on Mileage and Contingent Expenses to whom was referred Resolution No 43 introduced by Mr Estes providing for the payment of J. Steffacher for services as Clerk of the Committe on Rules have had the same under consideration and find the following facts:

The Committe while preparing the Rules for this Convention found it necessary to employ a Clerk who was promptly discharged when the Rules were completed

Mr Steffacher served in that Capacity thirteen days and we think five dollars per day a reasonable Compensation

We therefore recommend the adoption of the Resolution.

Your Committe have also had under consideration Resolution No 44 introduced by Mr Edgerton, authorizing the Committe on Revenue and Taxation to employ a Clerk, and herewith report the same back to the House and recommend that it be adopted.

Your Committe are of the opinion that this is one of the very few Committes who will need the services of a Clerk,

Your Committee have also had under consideration Resolution No 29 introduced by Mr Beerstecher, providing for the payment of two dollars per day to Patrick Sloey for lighting up the Rooms in this Building, used by the Convention.

There is no person in the service of the State whose especial duty it is to ~~look after~~ light the gas and extinguish the same.

The duty is performed by Mr Sloey, who is one of the regular Porters employed about the building at Seventy five dollars per month and under the law his day's work ends at 5 o'clock P.M.

He receives no additional pay from the State for attendance at night to look after the Gas.

It is unjust to expect him to remain about the Capitol building until late at night to extinguish the lights without extra compensation.

The Board of Examiners claim that there is no fund at their disposal out of which the extra compensation can be paid and we see no alternative but for the Convention to pay it out of their appropriation.

We therefore recommend the adoption of the Resolution

We have also had under consideration Resolution No 26 introduced by Mr Eagan which provides for paying G. E. McStay $40.00 for printing of the Journal prior to the election of the Journal Clerk, and herewith report the same back and recommend its adoption.

We have also had under consideration Resolution No 45 offered by Mr Estes providing for the payment of $18.00 to Willie Campbell for services as Page prior to his appointment and herewith report the same back and recommend that it be indefinitely postponed.

We have also had under consideration Resolution No 47 introduced by Mr Garvey providing for the appointment of a Clerk to the Sergeant at Arms herewith report the same back and recommend that it be indefinitely postponed
